

# By the Numbers

## 2015 – 2016 ANNUAL REPORT HIGHLIGHTS

### HEALTH CENTER

In partnership with San Francisco’s Department of Public Health, Curry offers preventive and primary health care to seniors by appointment, on a drop-in basis, and through house calls. Services include pharmacy, podiatry, eye-screening, and women’s health.

Health Coaches support patients in the center and in the home, resulting last year in:

78% reduction in missed appointments

55% decrease in drop-in appointments

20% increase in adherence to medication

1,238 patients were served with a total of 8,039 appointments or 6.5 appointments per year per patient, including 496 home visits by doctors and nurses.

### CASE MANAGEMENT

Case management helps seniors manage some of the challenges of growing old, by assisting with finances, filling out paperwork, and lining up various support services such as cooking, cleaning, transportation, health care, and more.

Curry case managers served a total of 313 clients for the following outcomes:

Secured housing for 19 formerly homeless seniors

Stabilized the living situation for 40 seniors at-risk of losing their housing

Completed 564 home visits

Provided rental subsidies for 12 seniors who were spending more than 80% of their income for rental of a room.

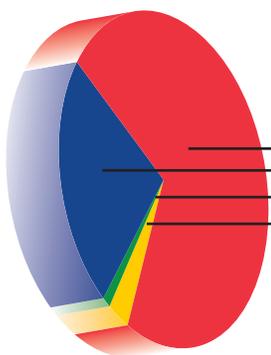

### BEHAVIORAL HEALTH

Curry provides services that help seniors maintain mental well-being through individual and group counseling for those dealing with anxiety, depression, and the challenges of aging, living alone, and poverty.

Peer Outreach staff connected with 66 socially isolated older adults, completing 733 visits.

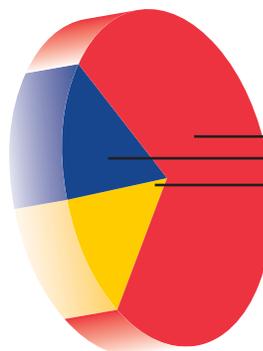

The first 13 elders, tested over a six-month period, showed a 21% reduction in their isolation.

Curry provided 1,253 counseling sessions, including 128 in-home counseling hours for seniors too frail to leave their rooms or apartments.

**Mission:** To provide seniors with services that promote independent living while maintaining their dignity and self-esteem.

### SENIOR CENTER

This program focuses on the emotional and physical health, education, and community engagement of participating seniors. Services include all social and cultural activities, the Computer Lab, and translation into seven languages.

**Computer Lab:** Open lab hours are bolstered by tutors covering social media, medical research, handheld tablets, smart phones, music downloads, and Skyping in Cantonese, English, and Russian.

**Senior Vitality:** This pilot program to train seven patients in the use of iPads and fitness technology resulted in a reduction of social isolation and an increase in family connection through social media.

*Curry offered 5,461 hours of activities (events, parties, classes, and outings), including 3,587 hours in the Computer Lab and 494 hours of translation (194 were of medical documents).*

### DINING ROOM

In partnership with Project Open Hand, Curry Senior Center operates a breakfast and lunch program every day of the year. We recently began providing a full breakfast seven days per week – moving beyond the regular toast, peanut butter, tea, and coffee. And we have added a third seating for lunch.

**Breakfast – We offered 54,487 meals last year versus 53,293 the year before.**

**Lunch – We offered 77,716 meals last year versus 67,595 the previous year.**

### NEIGHBORHOOD ORGANIZING

As a member of the Tenderloin Health Improvement Project (TL-HIP), organized by Saint Francis Memorial Hospital, Curry became an active participant in the Golden Gate Block Safety Committee, Safe Passages, and Vision Zero safety campaigns.

## Major Donors

Curry acknowledges with deep gratitude the unrestricted and restricted grants listed by our primary supporters, listed here. We could not do our work in the community without your support.
